- Wireshark ●●●●●

Highly motivated cybersecurity professional with a demonstrated interest in continuous learning and development. Committed to aligning security practices with industry standards to achieve business goals. Actively engaged in exploring offensive and defensive cybersecurity methodologies, frameworks, and cyber threat intelligence.

Possess strong organizational skills, a dependable work ethic, and a collaborative mindset. Seeking a role where my drive and passion for knowledge will contribute to a robust security posture.

Work History

2022 - present
Independent Cyber Security Researcher
HackerOne, Bugcrowd, Intigriti, Remote

Actively engaged in bug bounty and vulnerability disclosure, identifying and mitigating security risks across public and private programs.

2020 - 2022
Independent Web Developer
Volunteering, Remote

Experienced in volunteer web development across diverse projects, including those within the blockchain sector.

Education

2023 - 2026
B.Tech in Cybersecurity
Unicesumar, Brazil

2014 - 2017
Electrical Engineering
UFCG, Brazil

Certificates

2023
Cybrary
- System Administrator
- CompTIA Linux+
- SOC Analyst
- MITRE ATT&CK Framework
- CompTIA Security+
- Cyber Kill Chain Framework
- Penetration Tester

2023
TCM Security
- Practical Web Application Security and Testing
- Practical API Hacking
- External Pentest Playbook
- Movement, Pivoting and Persistence
- Windows Privilege Escalation
- Linux Privilege Escalation
- Governance Risk and Compliance (GRC)
- Open Source Intelligence (OSINT)

I'm available 24/7, feel free to contact me any time!

Hobbies

Capture-The-Flag (CTF):

- TryHackMe
- HackTheBox
- PentesterLab
- VulnHub

TryHackMe

- Offensive Pentest
- CompTIA Pentest
- Penetration Tester

2023   ### APIsec University

- OWASP API Security Top 10
- API Penetration Testing
- API Security Fundamentals

2023   ### EC Council

- Master Open Source Intelligence
- Reconnaissance for Cybersecurity
- Ethical Hacking Essentials

2023   ### Fortinet

- NSE1, NSE2, NSE3 Certifications

2022   ### PentesterLab

- Essential Badge
- Recon Badge
- HTTP Badge
- PCAP Badge
- Linux Badge

Other

- Web Application Hacking
- Bug Bounty Hunting
- Full Stack Web Development
- Network Administration

Volunteering

2023 - present   **0xh3x73rs Bug Bounty Team**
Founding Member

Awards

2023   **1st Place CTF Hacker Challenges @HackerOne**

2023   **Top 1% Hacker Ranks @TryHackMe**

I'm available 24/7, feel free to contact me any time!
